Besides the Smolensk, St. Petersburg and Orel, the latter now being fitted out as a hospital ship, only the Kherson, Saratoff and Moska have a speed of 19 to 20 knots. The other eleven vessels of the fleet register about 13 knots. Some of the recently purchased trans-Atlantic liners might, however, be outfitted as commerce destroyers and six weeks ago the Associated Press was informed that such was the purpose of the auxiliary.

OLD QUESTION REVIVED.

ACCUSED BY RUSSIA Report Shows Remarkable Growth

Seven Social Democrats on Trial at Koenigsburg For Aiding Anarchists.

Koenigsburg, July 19.—At today's session of the court which, July 12, began the trial of the seven Social-Democrats accused, at the instance of the Russian government of smuggling anarchistic literature into Russia, the testimony given shows that some of the pamphlets in question appealed to the army, urging the soldiers to make common cause with the people, to disobey the command to fire upon the populace, to shoot into the air and to turn their bayonets against the officers.

air and to turn their bayonets against the officers.

The defense, near the close of the session, created a sensation by moving to summon Mayor Petkoff of Sofia, Bulgaria, a former Russian dragoman Jacob Sohn of Rushchuk, Bulgaria, and the editor of a Sofia newspaper, in order to prove that the Russian government had been keeping agents in the Balkans since ISI to incite the people against their pulers. The defense wants to prove through these witnesses the Russians' responsibility for the murder of King Alexander of Servia and Premier Stambuloff of Bulgaria, from which to draw the conclusion that Russia is not a civilized state with a claim for the protection of the German courts. The state's attorney opposed the motion, but the court took the mater under consideration and adjourned until tomorrow.

Another sensation of the day was a tele-

Another sensation of the day was a telegram from the foreign office, stating that a treaty between Russia and Germany covering paragraph 260 of the Russian penal code does not exist.
